

# CyberSecurity Road Show

Coming to a town near you!

## DO YOU KNOW WHAT CYBERSECURITY THREATS YOUR BANK FACES?

This interactive seminar is designed to provide education on evolving cybersecurity threats and what your bank should do to prevent, detect, and respond to these threats. We will identify components of a comprehensive information security program that passes regulatory scrutiny and minimizes your risk of a security incident. This seminar will walk you through the various FFIEC resources that has been published recently, specifically the Cybersecurity Assessment guidance, and discuss ways banks are addressing it. Cybersecurity Assessment updates and changes will be reviewed, and we will highlight next steps beyond the assessment and identify the 10 common cybersecurity controls missing in most financial institutions.

## ABOUT THE INSTRUCTOR

**Chad Knutson** is a co-founder and Senior Information Security Consultant for SBS CyberSecurity, a premier cybersecurity consulting and audit firm dedicated

to making a positive impact on the banking and financial services industry, and has served as President of the SBS Institute since 2013. Chad maintains his CISSP, CISA, and CRISC certifications, and received his Bachelor of Science in Computer Information Systems and his Master of Science in Information Assurance from Dakota State University. The SBS Institute has grown to include over ten certifications and State Association partners in over 30 states, including Arkansas
