

Prior Authorization Form

The Federal Election Commission requires members of the Arkansas Bankers Association (ABA) to sign this prior authorization form in order to be communicated with and solicited for BankPac, the association's Political Action Committee (PAC).

Granting prior authorization to BankPac does not preclude employees of the company from contributing to other PACs, such as those supporting state or local candidates, as well as other national and ideological PACs. This authorization does not obligate you or anyone in your company to make a contribution. Permission may be withdrawn at any time. An entity may sign an authorization form for only one trade association for each calendar year.
