## IN-PERSON EVENT

*EXPLORE -IN DEPTH- HOW NEW RULES IMPACT BOTH IRA OWNERS AND IRA BENEFICIARIES*

What an IRA merry-go-round 2020 was and continued to be in 2021 and 2022. Since the SECURE Act was signed into law on December 20, 2019, effective January 1, 2021, you would think all the IRS clarifications would have been released. And the IRS did propose regulations in February 2022 which were intended to clarify the 2019 SECURE Act but have, in some cases, increased industry confusion and frustration. Moreover, we are still wrestling with some of the residual effects of the CARES Act of 2020. Even further, although the dust has yet to settle on the 2019 SECURE Act, Congress appears poised to pass additional IRA legislation (“SECURE Act 2.0”). The bottom line? There are simply too many issues and potential pitfalls financial institutions will experience without a working knowledge of these changes. Rules have changed, new forms have been introduced, IRA software has been updated and there are more changes yet to come.

During the Advanced IRA Issues seminar, we’ll get into the nitty gritty of the new distribution regulations, exploring—in depth—how these new rules impact both IRA owners and IRA beneficiaries. After thoroughly dissecting the new rules and their impact on IRA owners and beneficiaries, we’ll discuss concrete steps your financial organization can take to help ensure ongoing compliance while also providing top-notch customer service.
