

BANK SECURITY HOT TOPICS SEMINAR

JULY 19, 2023

Join industry expert Barry Thompson for this interactive program featuring the most current topics in bank security.

TOPICS:

THE FOUR LS OF PHYSICAL SECURITY This session will review inexpensive and effective changes you can implement immediately to make sure your facility is safe and secure. The session will review exterior security concerns such as landscaping, lighting, location, and locks. We will also review building design flaws and how to correct them and discuss why a night inspection program is essential.

ACTIVE SHOOTER Active Shooter events just don't happen! This program will review the warning signs that one of your staff members or visitors might display before an actual event. The FBI has issued the report, "A Study of the Pre-Attack Behaviors of Active Shooters in the United States," which serves as the basis for this session. We will review behaviors that many shooters display before an attack. Awareness of a person's surroundings when an event occurs will be discussed. This session will have no physical contact and no attendees will be asked to participate in an actual demonstration or mock training exercise.

ELDER FRAUD As the baby boomer generation ages, "Elder Fraud" is likely to be the biggest growing segment for crime in our country! Criminals know who they want to target and have found ways to get close to their victims. They know exactly how to manipulate their target and don't care what happens to them after the scam. After gaining control of your accountholder, the weakest link at your institution becomes the target.

INTERNAL FRAUD: A LOOK AT THE THIEVES FROM WITHIN How prepared is your financial institution for internal theft and fraud? This session reviews what every Security Officer should know to combat internal fraud. Discover where the internal thief will spend the stolen funds and how they keep their stealing from being found. Know whether you should do the investigation or hire a Certified Fraud Investigator. This insightful program will review the steps you need to follow to investigate an internal fraud.
